Experience

SENIOR SPECIALIST PROJECT MANAGER | JUNE 2025- PRESENT

Project Manager – General Authority for Awqaf

Key Responsibilities & Achievements:
• Lead and manage strategic projects at the General Authority for Awqaf, overseeing all phases from planning to execution and successful delivery within approved timelines and budgets.
• Manage the External Integration Program, enabling service and data exchange with government and external entities while ensuring system compatibility and seamless technical integration.
• Oversee the Qiyas (Performance Measurement) Program, including reviewing performance indicators, validating requirements, and ensuring the achievement of compliance and organizational objectives.
• Implement and lead Agile methodologies across teams to enhance productivity, adaptability, and delivery quality while meeting business and strategic goals.
• Coordinate closely with internal and external stakeholders to align requirements, manage expectations, and ensure effective project execution.
• Monitor project performance using KPIs and provide regular progress reports to senior management.
• Drive process improvement initiatives and ensure adherence to best practices, governance standards, and quality frameworks.

OFFICER, SCRUM MASTER PRODUCT AND PROJECT MANAGEMENT | AUG 2022 – JUNE 2025

Working in the project management department, I oversaw a variety of projects of all sizes and concepts. These experiences significantly enhanced my practical and scientific knowledge, enabling me to provide innovative ideas and solutions that advance business objectives.
Some of the specific projects I have carried out include:

Certficatons:

- PMP Certification
- Fintech Summer Session 25

Solving merchant production issues
SAMA observation on AML (Anti-Money Laundering) ▪ Product development
Technical ownership of the STC Pay WEBSITE
MICRO loans project
CEO requests:
Led CEO-driven initiatives, ensuring alignment with business objectives and timely project delivery.
Managed cross-functional teams, implementing Agile to meet strategic priorities.
Provided executive reporting on project status, risks, and resource management.
Supported product innovation, digital transformation, and organizational change in alignment with CEO goals.

- PCI-CVV change
- Eidya project
- Savings accounts project.

stc pay SCRUM MASTER CO-OP TRAINING | SEP 2021 - MAR 2022

Working as a Scrum Master/Project Manager in Delivery Management.
Ex. SAMA observations on AML, Customer risk rating, stc pay website, and E-invoicing.
Provide innovative business development ideas: saving account, Health Insurance, and Masrofi and Qattah.
